## MOBIL KODOK

Mobil Kodok produksi terbaru dengan dukungan mesin 41 hwy mpg with TDI Clean Diesel engine<sup>4</sup>. Namun Mobil Kodok belum dipasarkan di Indonesia. Mobil Kodok merupakan produksi generasi terakhir mobil Volkswagen. Harga bekas Mobil Kodok seri terbaru ini dapat mencapai ratusan juta rupiah.

Modifikasi Mobil Kodok banyak dilakukan oleh sebagian besar penggemarnya, namun demikian tetap tidak merubah bentuk aslinya yang seperti kodok. Itulah keunikan mobil ini, meskipun telah mengalami beberapa generasi, namun tetap menerapkan model seperti bentuk aslinya.

**“YOU BODY WILL  
BE END SOMEDAY.  
BUT, YOU CAN  
KEEP YOUR VOICE  
TO YOUR NEXT  
GENERATION”**

Namun kadangkala cukup sulit mencari pemilik Mobil Kodok yang akan menjual mobilnya, karena seperti kita tahu bahwa sebagian besar mobil lawas mobil ini berada di tangan penggemarnya karena hobi, sehingga kemungkinan kecil jika mereka sampai menjualnya. Namun demikian kadang kala suka muncul di pedagang mobil bekas, masyarakat selalu menunggu info tentang jual beli Mobil Kodok.

Bagi anda yang gemar dengan model Mobil Kodok tetap dapat memiliki tanpa harus melakukan modifikasi di sana sini. Sebab harga bekas mobil kodok seri terbaru lumayan mahal dan harganya dapat mencapai ratusan juta rupiah, jadi sayang juga kalau di otak atik. Sebagai informasi harga bekas mobil kodok terbaru.

# SANS

In typography and lettering, a sans-serif, sans serif, gothic, or simply sans letterform is one that does not have extending features called “serifs” at the end of strokes. Sans-serif fonts tend to have less line width variation than serif fonts. In most print, they are often used for headings rather than for body text. They are often used to convey simplicity and modernity or minimalism.
